ARCHITECTURAL SURFACES

 **MELMER**
STONEWORKS

A Subsidiary Company of Hafary Holdings Limited

Fuss-free maintenance.
Exceptional beauty and resistance.

Presenting SinteredTop, the large format sintered surface that offers realistic design options with superior qualities. A natural alternative to marble, SinteredTop is able to meet architectural and interior design requirements for countertops and more.

A product that is ideal for kitchen and bathroom counter and vanity tops, SinteredTop's large size allows for installation with no joints, offering the appeal of a seamless surface. Durable and non-porous, SinteredTop is also easy to maintain with fuss-free cleaning.

SinteredTop Advantages

Heat Resistant

Stain Resistant

Scratch Resistant

Non-Porous

UV Rays Resistant

Mould Resistant

NSF Certified

Surface Finish

SinteredTop matt surface finish is suitable for both interior design projects and outdoor solutions. Smooth and subtle, the matt surface finish gives spaces a sleek and modern finish.

Limited Warranty

SinteredTop surfaces are engineered for high performance and continual beauty.

To give you a peace of mind, our SinteredTop surfaces comes with a 10-Year Limited Warranty.
