

Designed for your every day

MS Quartz is designed for your every day, bringing durability in the kitchen, bathroom and spaces used.

With up to 93% natural quartz (one of the hardest minerals on Earth), MS Quartz surfaces are easy to maintain and possess a high resistance to stains and scratches. As a non-porous material, MS Quartz is thus ideal for application in wet areas. With 28 colours and patterns, MS Quartz surfaces are highly versatile, offering you unlimited design applications possibilities.

MS Quartz – your ideal surfacing choice.
